

S/N 10/731,223

PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant: Alan F. Marcovecchio

Examiner: Unknown

Serial No.: 10/731,223

Group Art Unit: 3762

Filed: December 9, 2003

Docket: 279.097US4

Title: DISCRIMINATION OF SUPRAVENTRICULAR TACHYCARDIA AND
VENTRICULAR TACHYCARDIA EVENTS

RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents

MS: Amendment

P.O. Box 1450

Alexandria, VA 22313-1450

In response to the Restriction Requirement dated June 3, 2005, Applicant elects, without traverse, to prosecute the invention of Group 1, (claims 1-7). Claims 8-22 are withdrawn. Applicant reserves the right to introduce the withdrawn claims in one or more divisional applications if the withdrawn claims are later canceled, or to request consideration of the withdrawn claims if, during the course of prosecuting this application, an allowed claim is deemed to be a linking claim to the withdrawn claims.
